A timeless classic, the United States Mint's 2004 American Eagle Silver Proof Coins continue America's longstanding tradition of world-class coinmaking.

American Eagle Silver Proof Coins are one-ounce silver dollars of .999 fine silver. Each coin is struck multiple times so the softly frosted, yet detailed images seems to float above a mirror-like field.

Each American Eagle Silver Proof Coin is presented in a luxurious blue velvet-lined presentation case, and is accompanied by an official Certificate of Authenticity signed by Henrietta Holsman Fore, Director of the United States Mint.

Priced at $27.95, American Eagle Silver Proof Coins are the perfect gift for any occasion.
